**B) 1s 2s On-Site Group Class 1,2 years old**

This class is conducted completely in Mandarin! We pack each lesson with stimulating activities and fun games that teach useful everyday vocabulary and sentence patterns in a captivating way without relying on songs since Mandarin is a tonal language. The seven-week unit with weekly summer themes is just the right amount of time for students to retain the material, so we recommend enrolling in the full seven-week program to build more solid foundation of the language. *An adult is required to stay inside the classroom.*
